

## What sort of school would you go to?

In *Isadora Moon Goes to School*, Isadora has to decide whether she would rather go to vampire school or to fairy school. To help her decide, she spends one day at fairy school and one night at vampire school. They are very different experiences. These are the timetables for fairy school and vampire school:

What sort of school would you most like to visit for a day? It could be a school for something you like doing, or a job you could do in the future, or a fantasy school where magic is normal.

What sort of lessons would the pupils do at your school? Can you come up with a timetable for a typical day at your school?

Here are some ideas for different types of schools to get you started:

*Sports school*

**Space school**

**Monster school**

**Dragon-training school**

**Mermaid school**

*Flying school*

You could draw a picture of what your school would look like, or even write an advert for your school so that parents will want to send their children there.
